How We Care

We firmly believe in 4 C's

01

Communication

02

Commitment

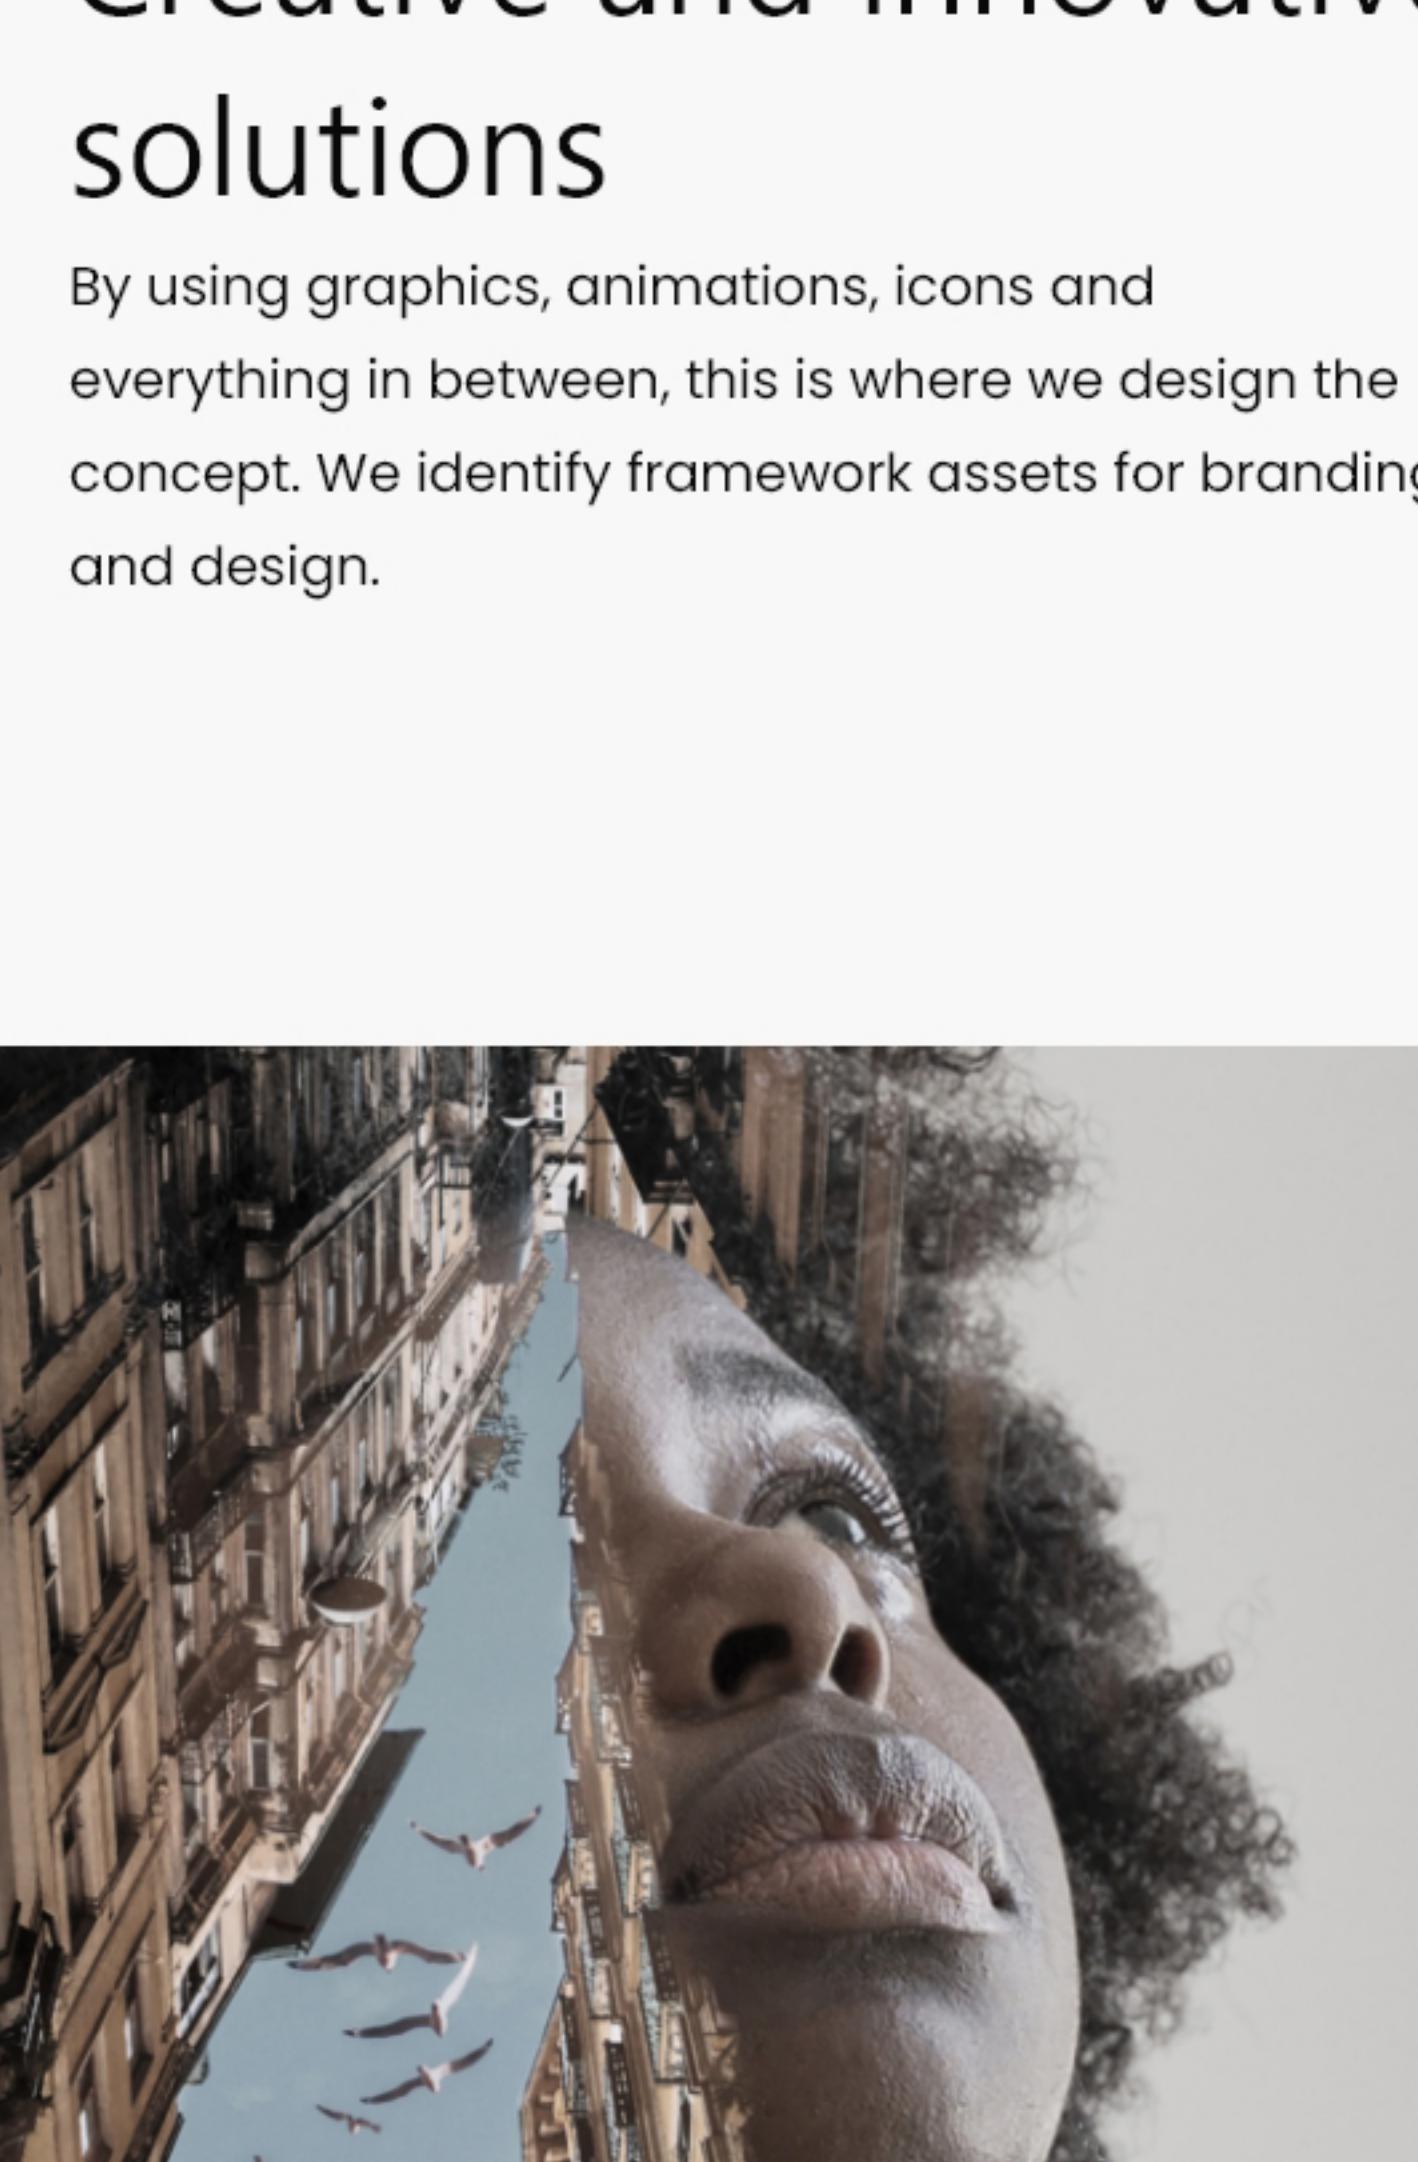

03

Creativity

04

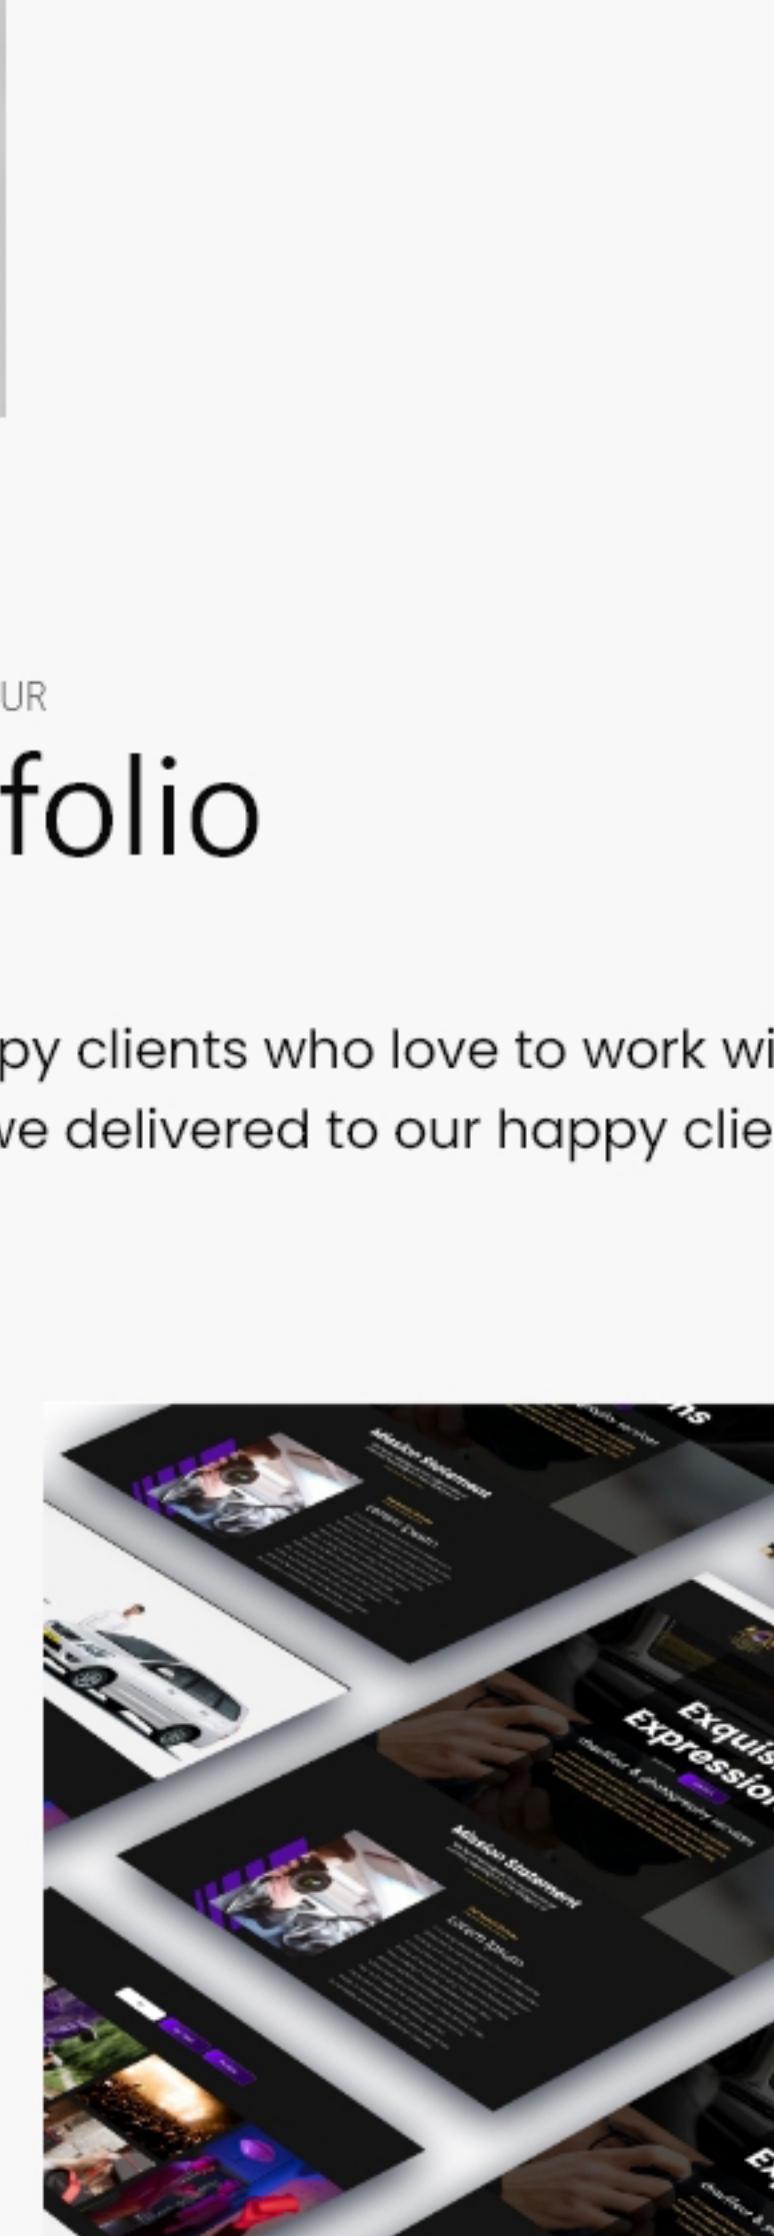

Care

These are the essential for our company's repertoire and success over the time. We believe these C's driven are our main values to uphold the professional and productive work and environment.

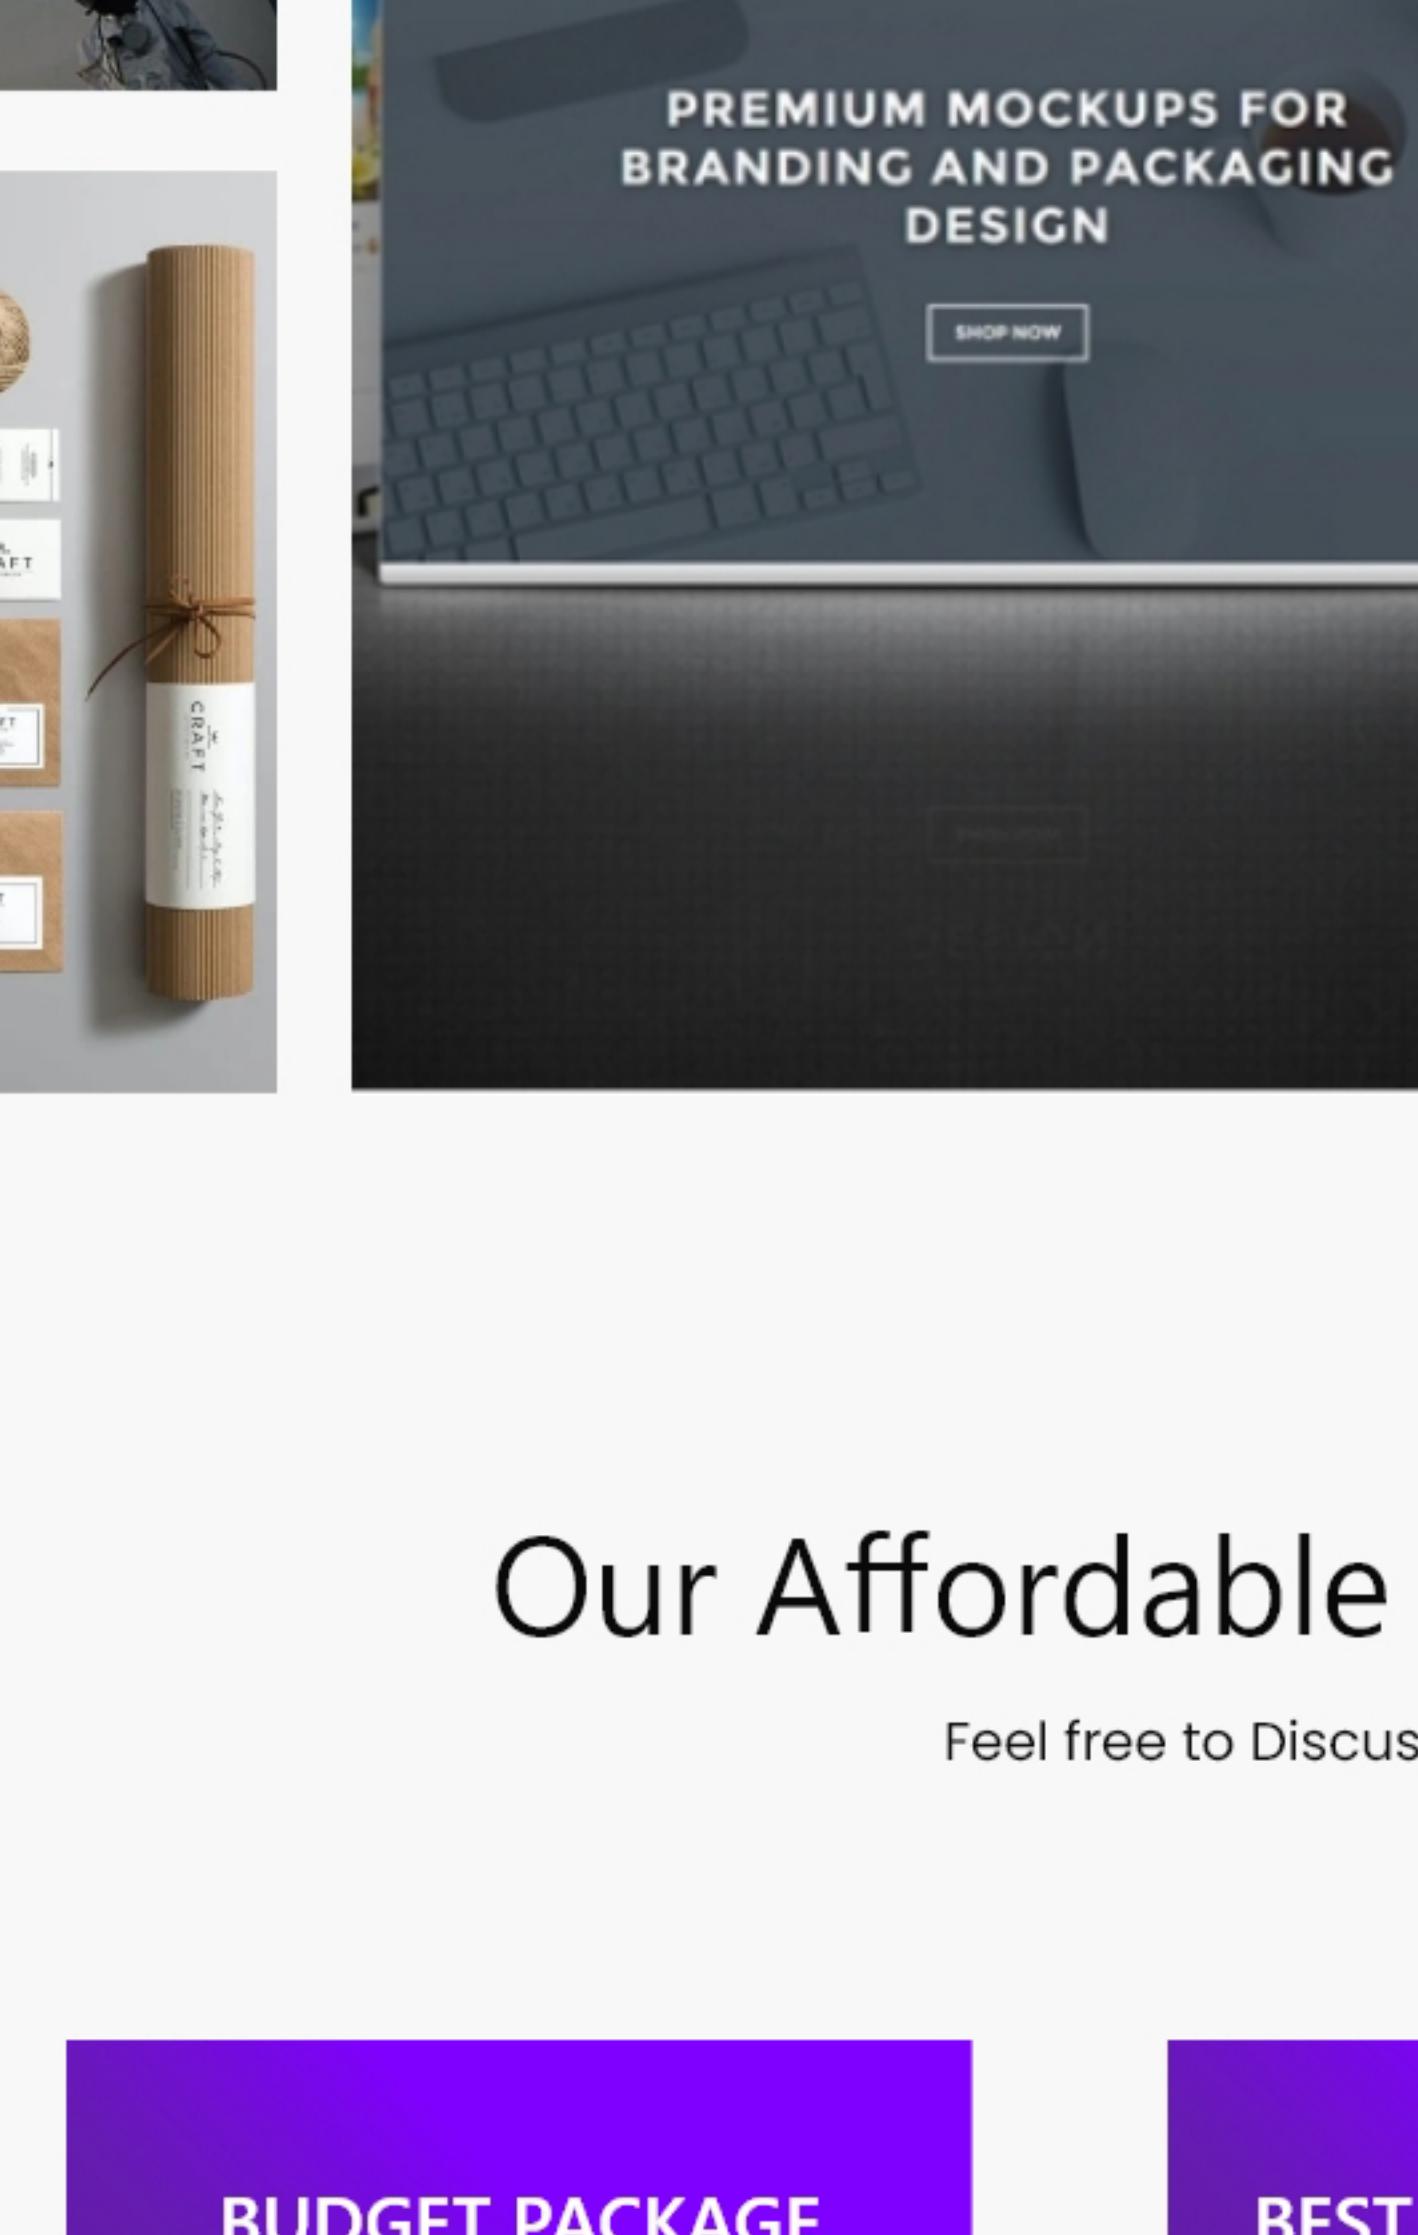

Research and Analysis

Our organization is working with you to clarify the definition behind your proposal and its aims. We then refine the concept and compile a detailed document of requirements.

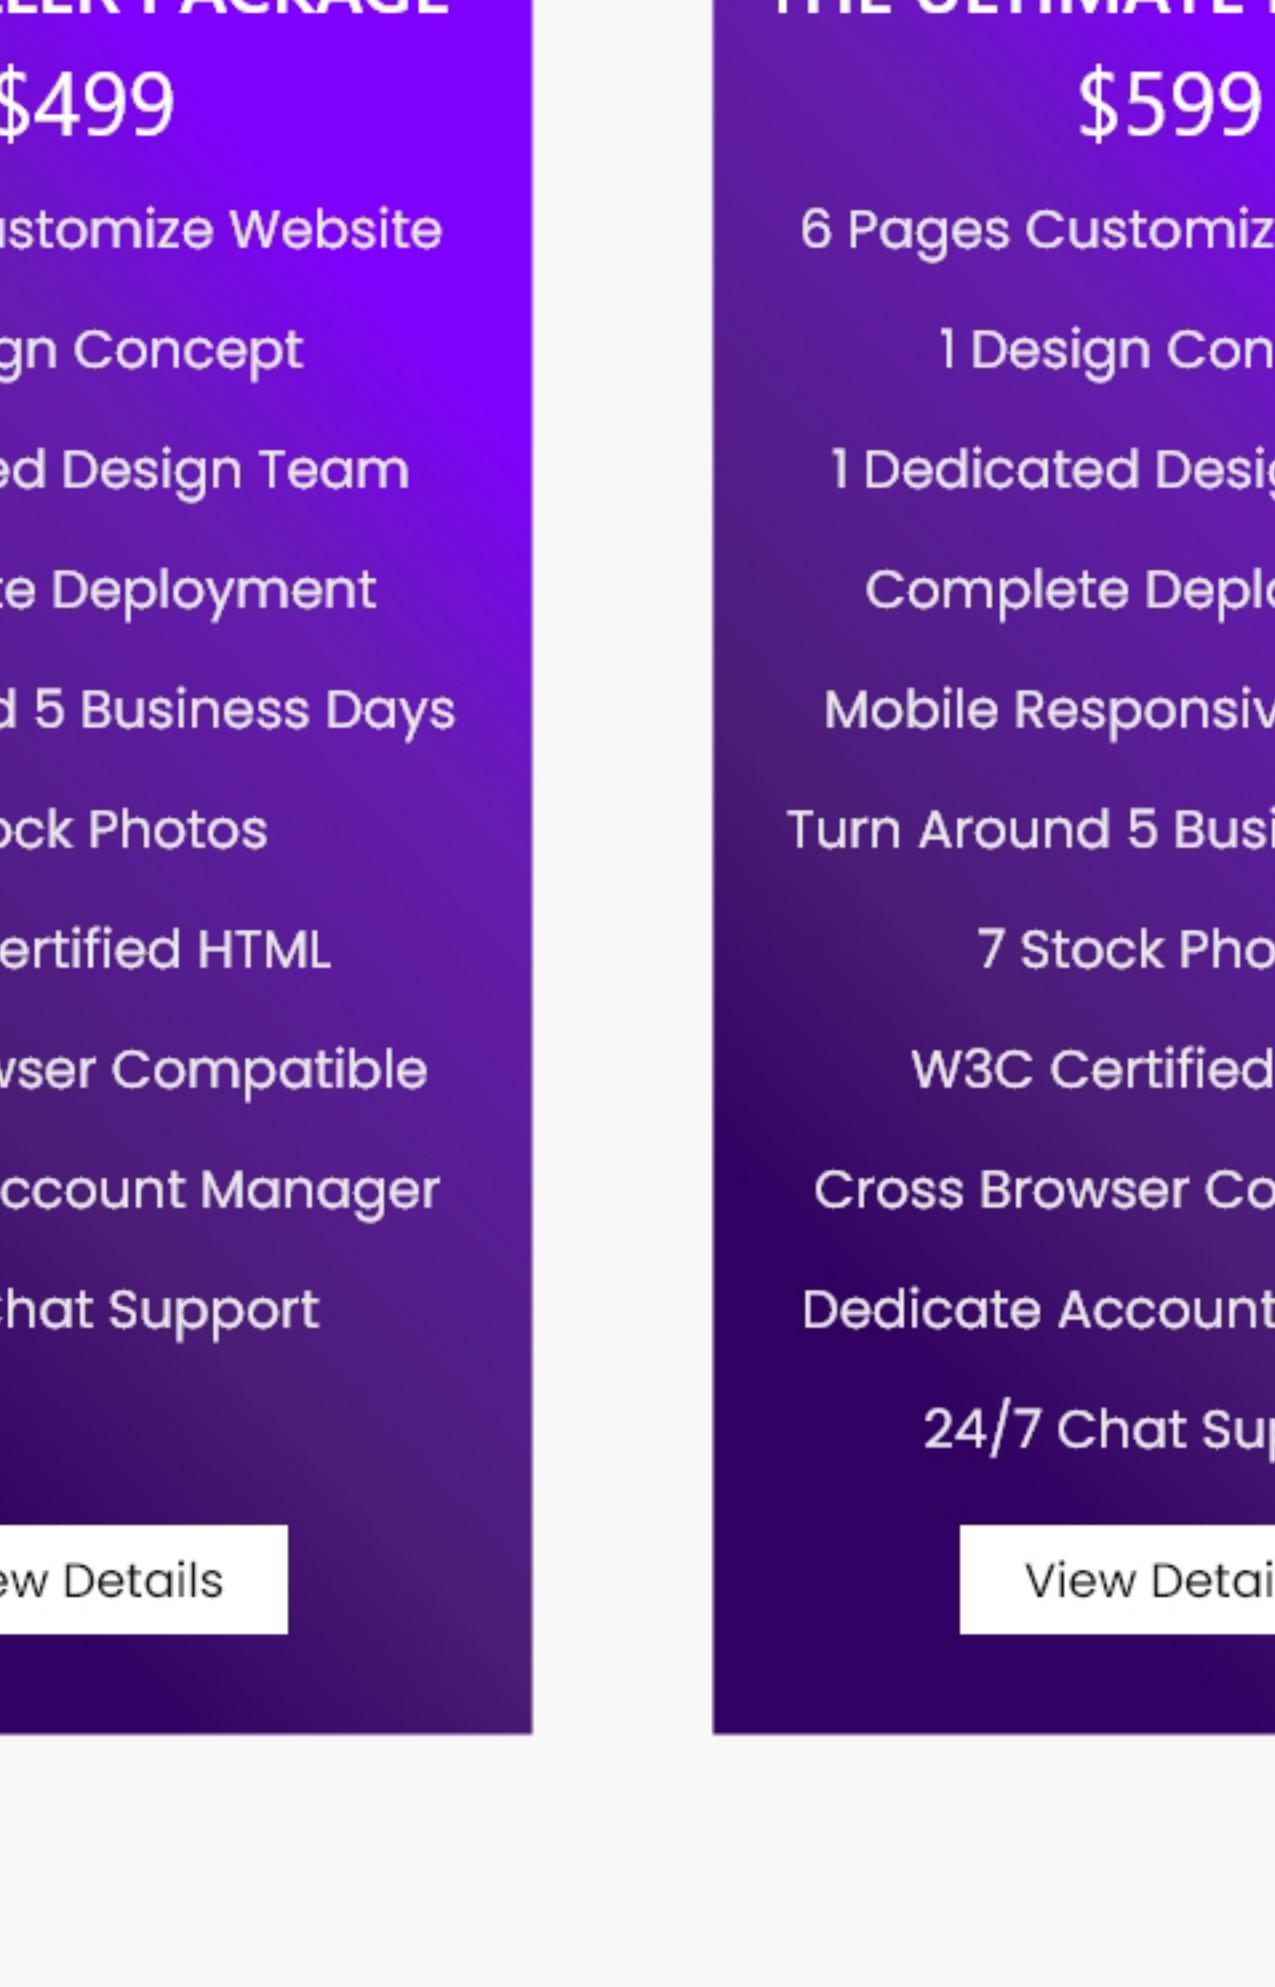

Negotiation and Power

We deliver work for our valued clients by keeping their budget in mind. We thrive to provide affordable solutions to everyone who wants digital solutions for growing their business.

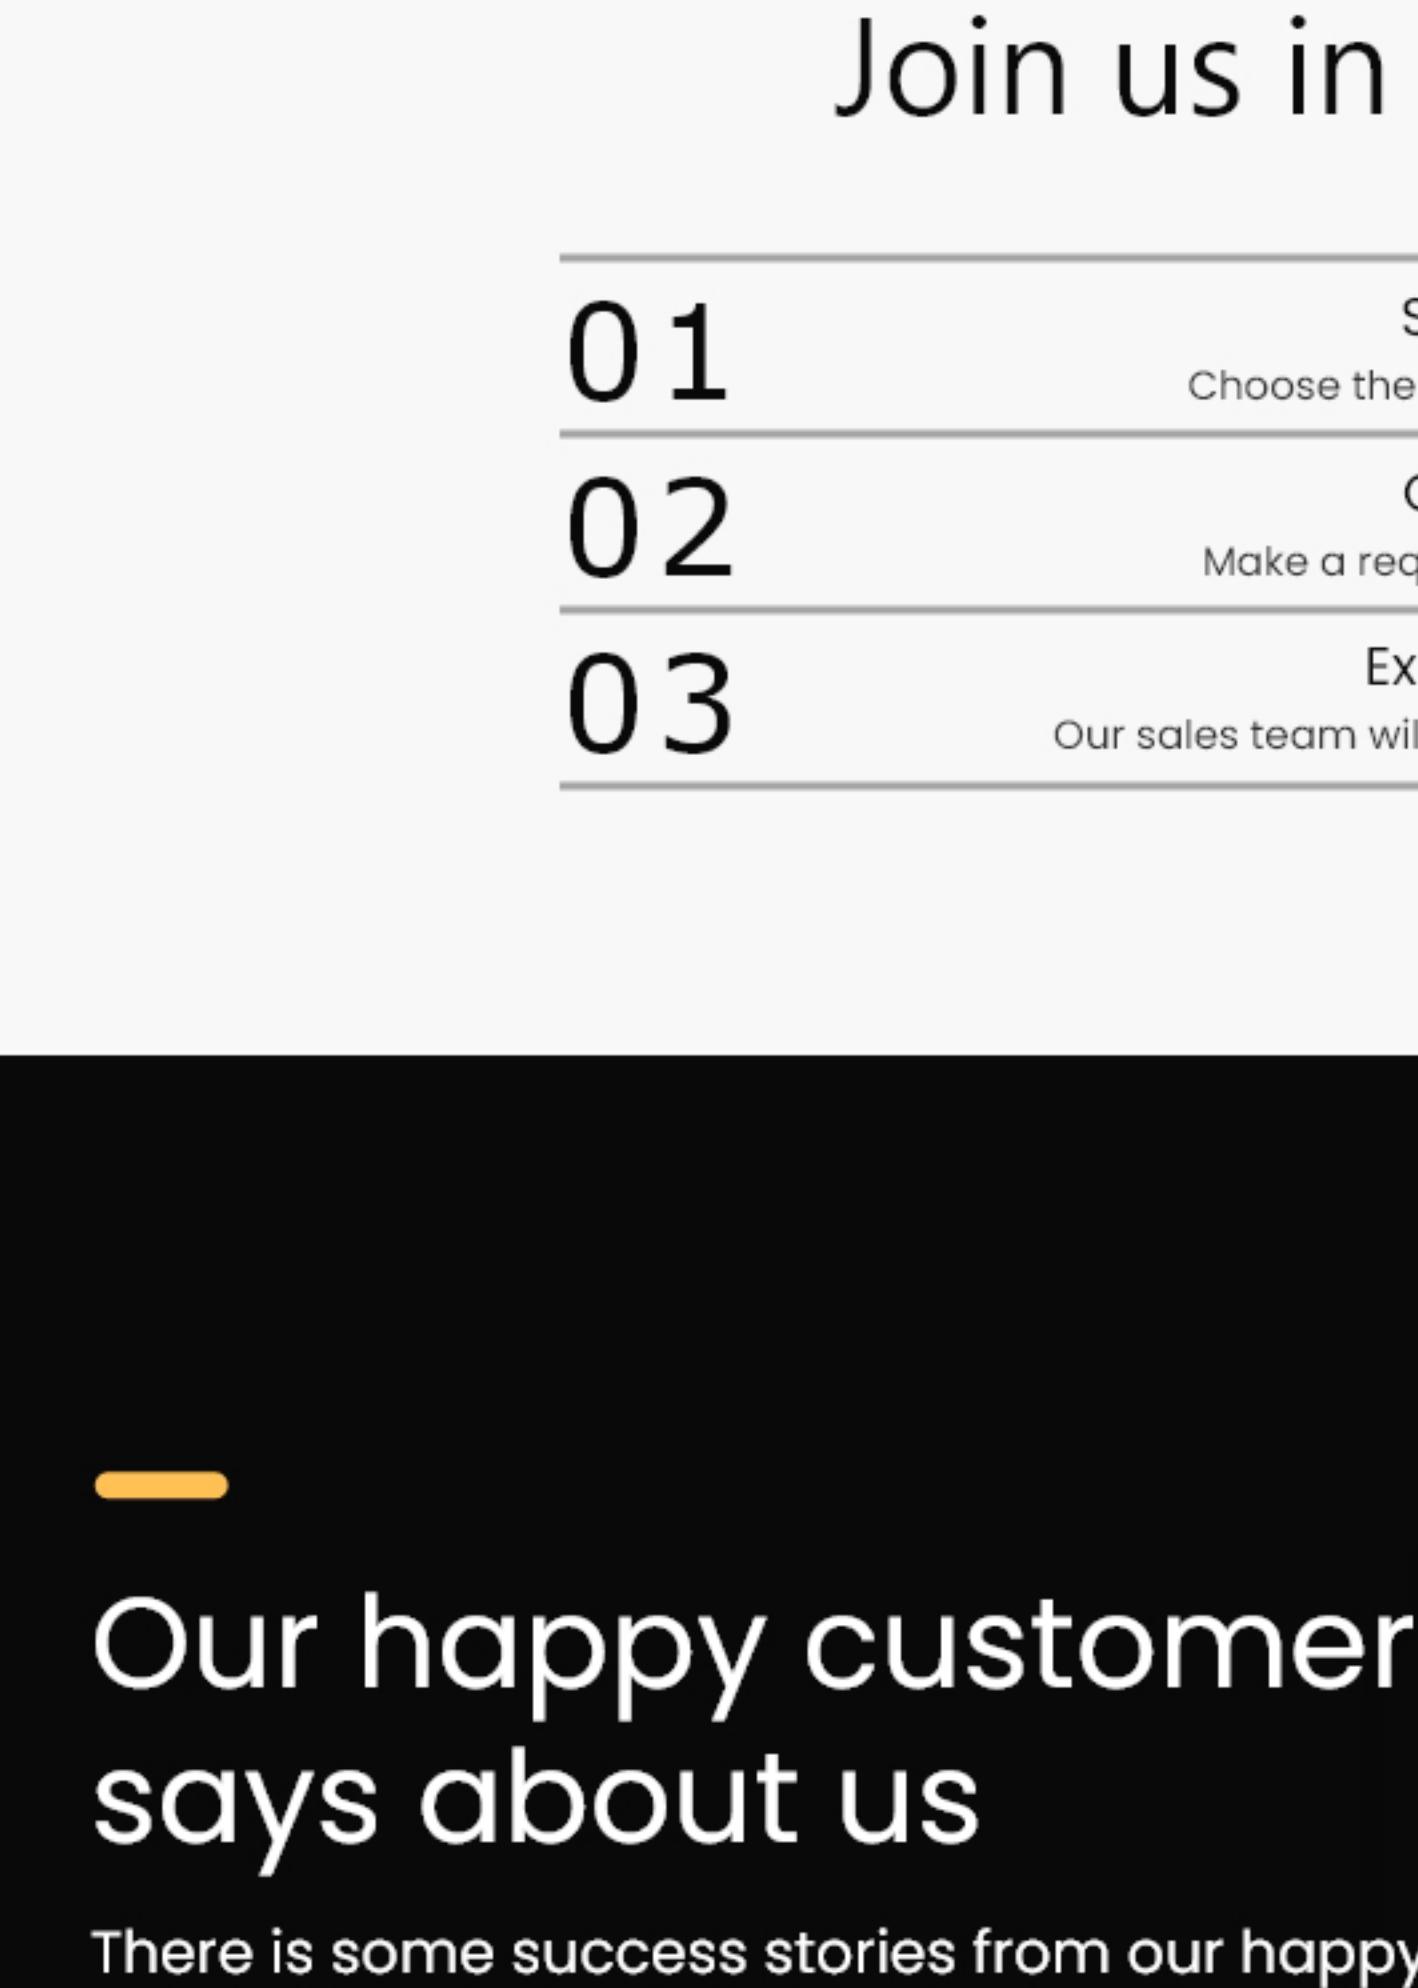

Creative and innovative solutions

By using graphics, animations, icons and everything in between, this is where we design the concept. We identify framework assets for branding and design.

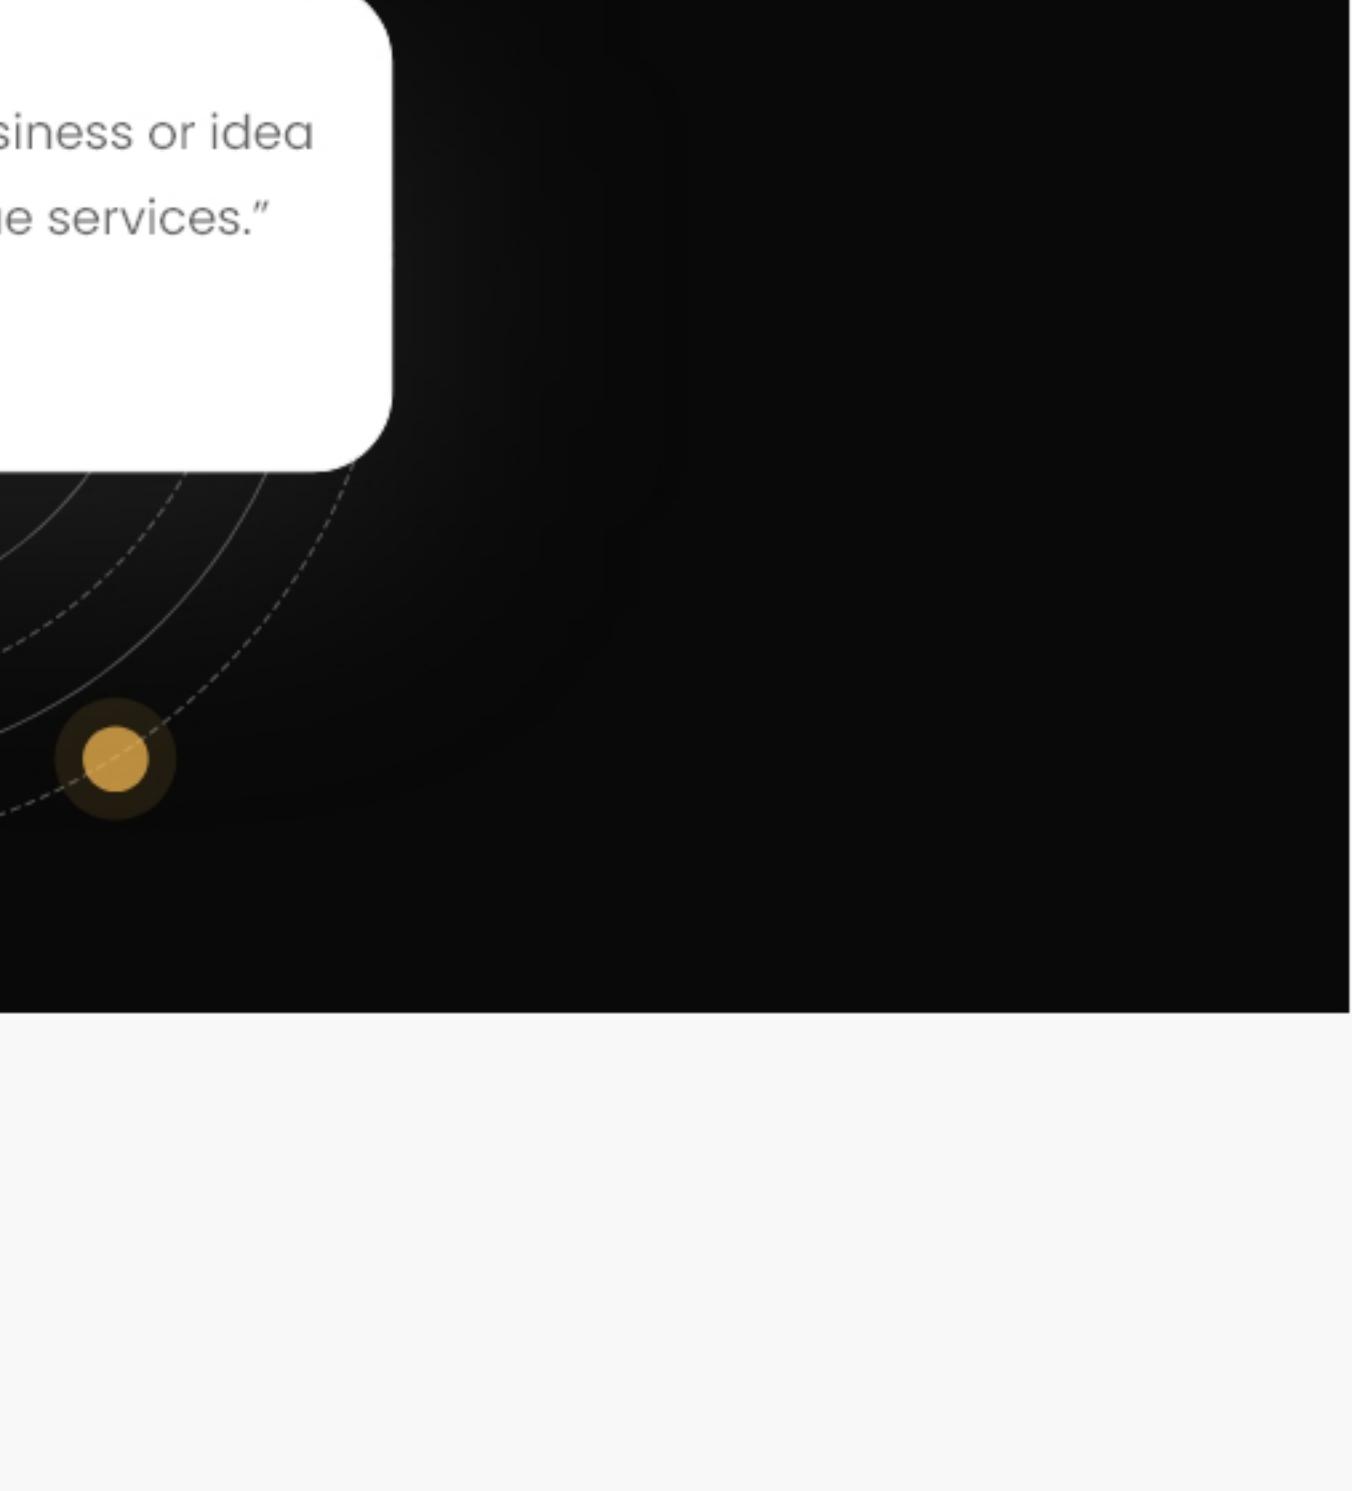

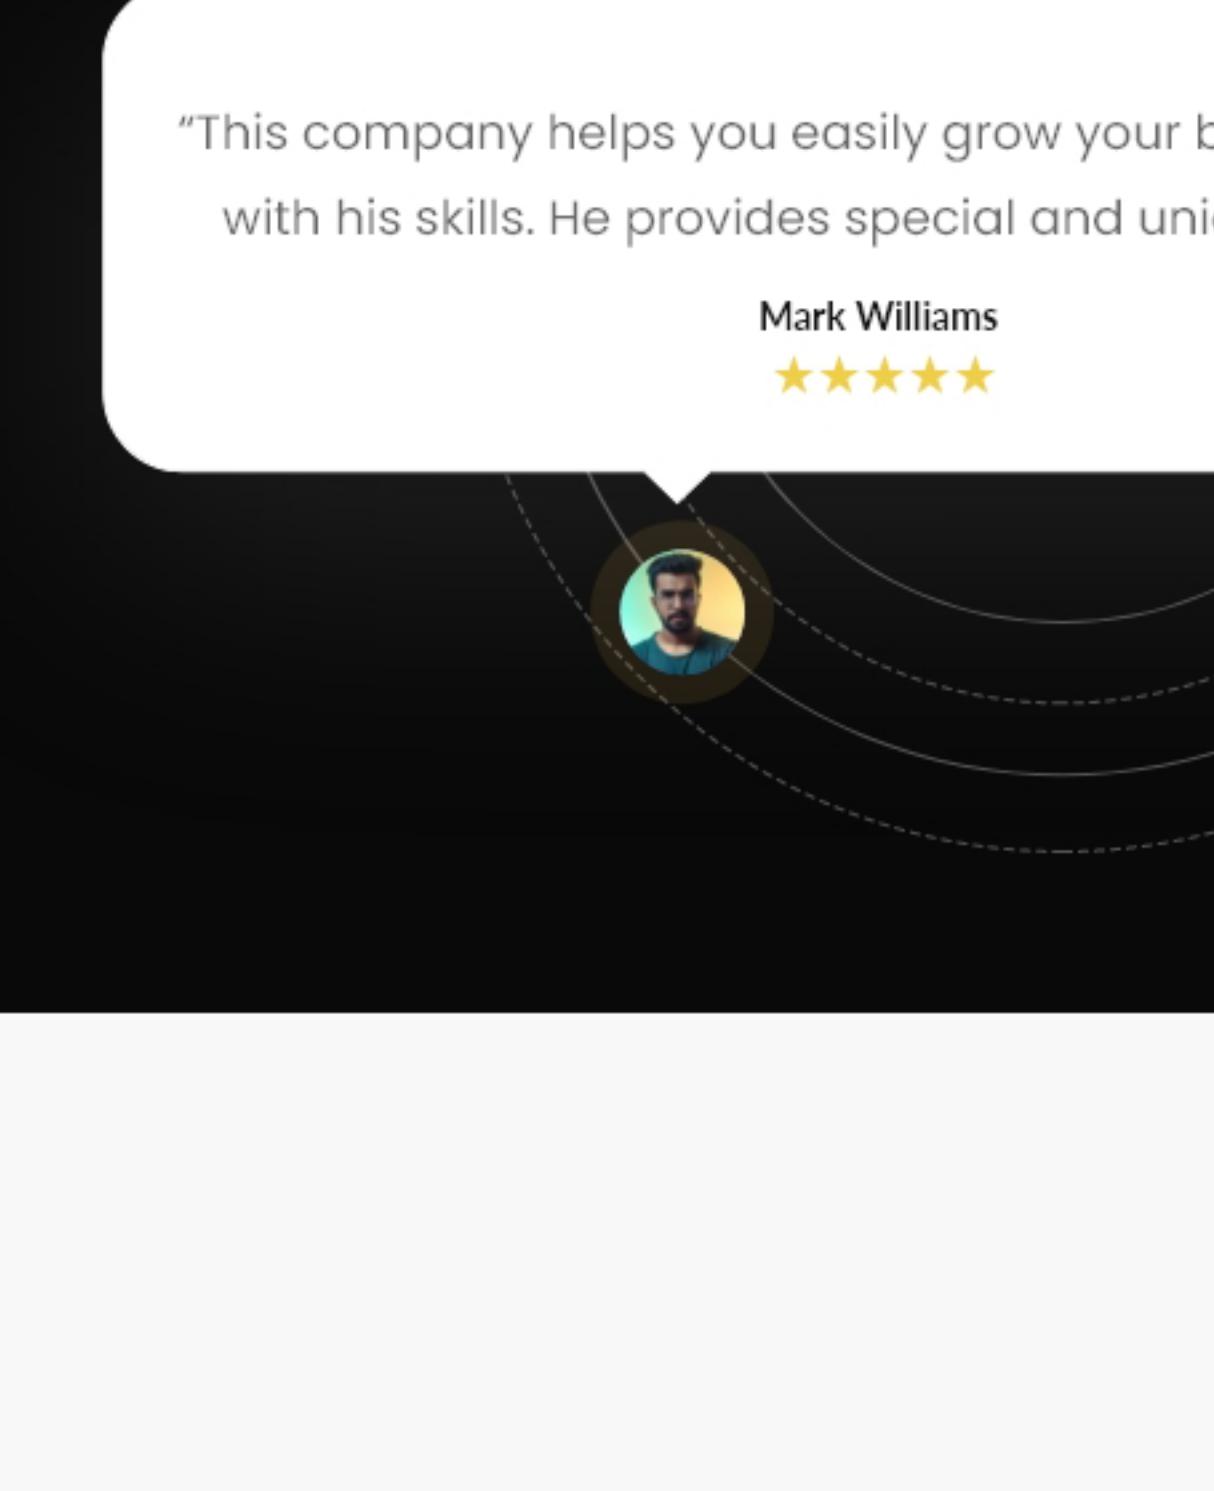

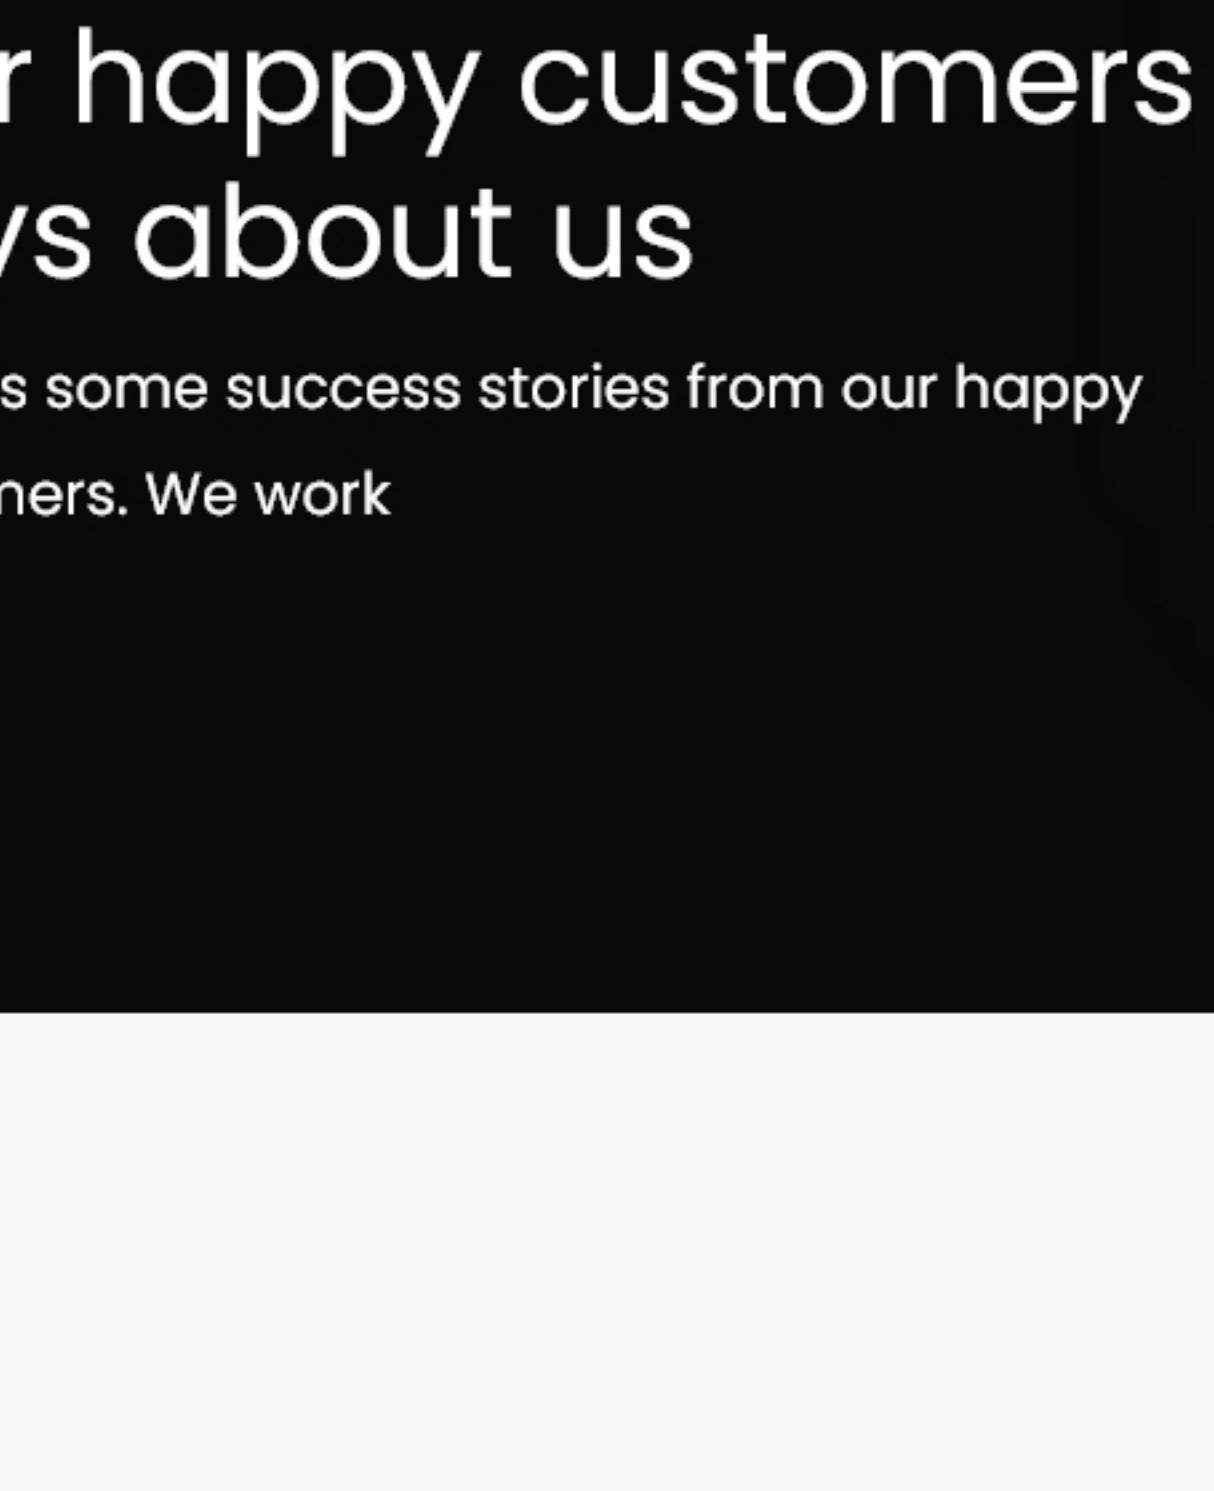

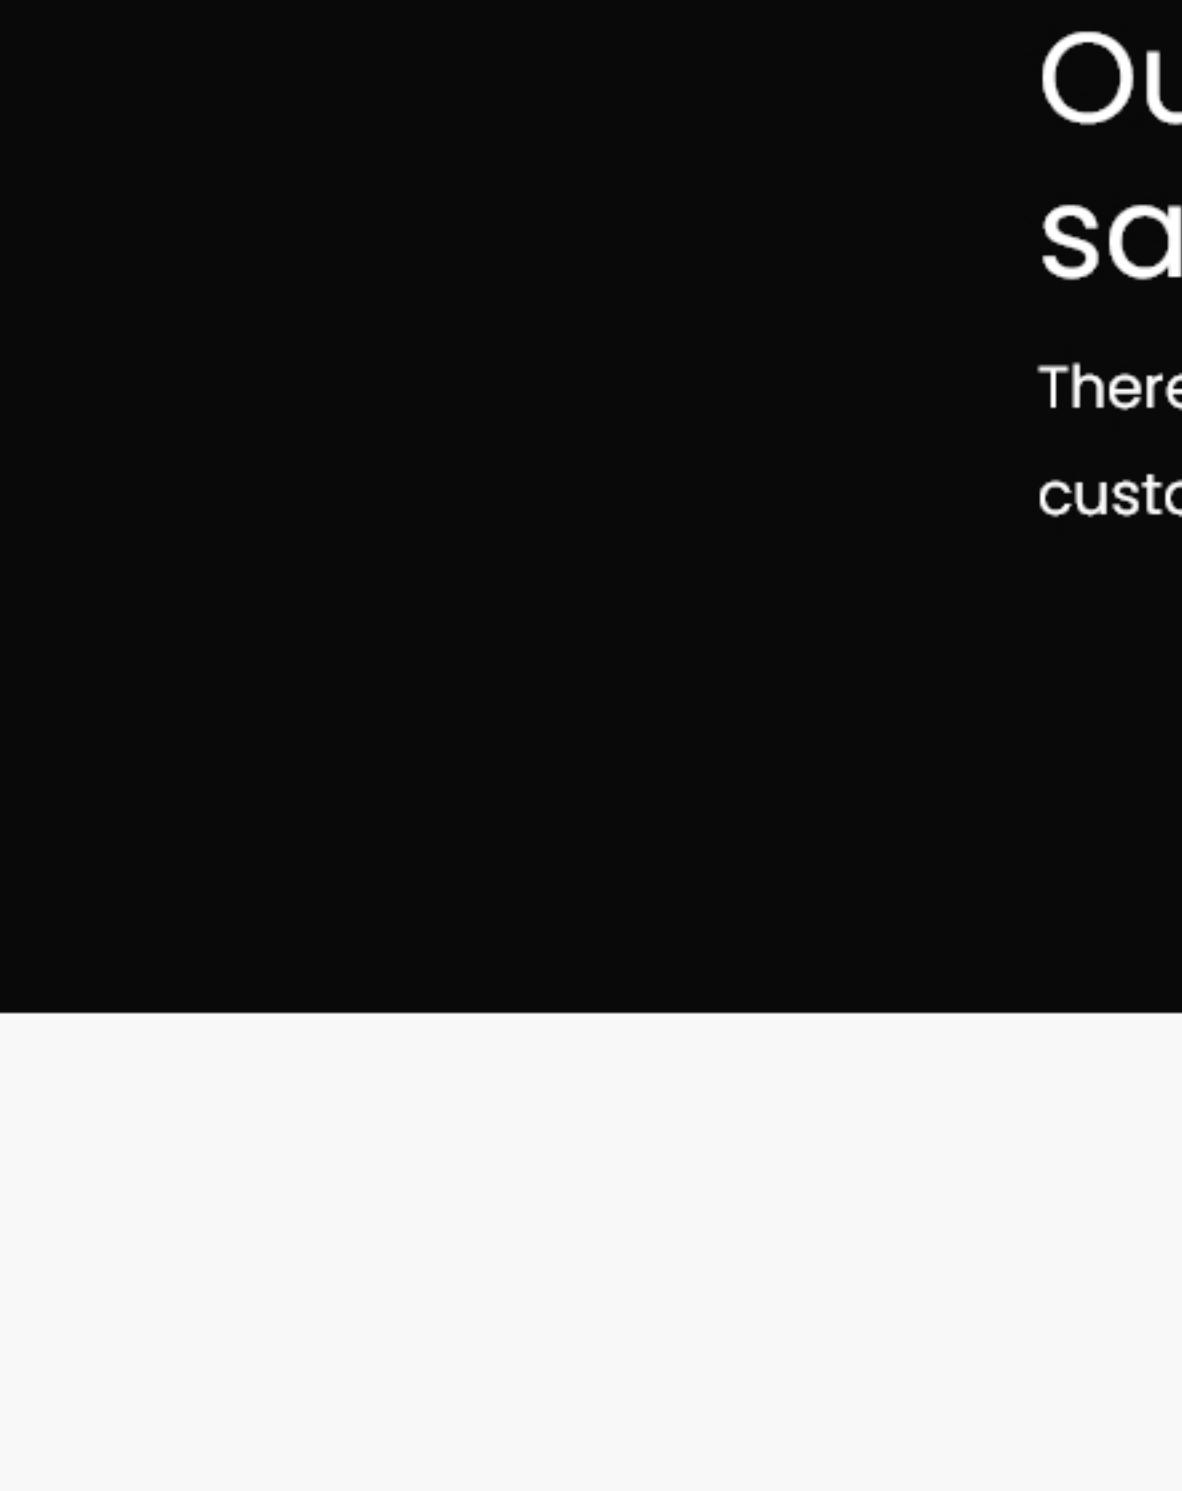

Transparency and ease of work

We have several top highly experienced website designers, and with their tech expertise, they have supported many corporations. We think we can bring value to the business, which is hard to find in another avenue of web design.
